

1 Delegate Miller.

2 DELEGATE B. MILLER: Delegate Gleason, you men-  
3 tioned the fact that not one delegate -- am I correct  
4 that you said that not one delegate testified before us  
5 and said that the house was too large?

6 DELEGATE GLEASON: No, I did not say that. I  
7 said the testimony before the Committee was mixed. I read  
8 from the Eagleton Institute of Politics' Report, where  
9 they referred that not one member of the legislature, although  
10 the members of the legislature were not asked that directly,  
11 not one member commented to them that the size was unwieldy.

12 DELEGATE B. MILLER: Do you happen to know  
13 whether they asked the question?

14 DELEGATE GLEASON: I just said that was not in  
15 their list of questions that they asked, but as you know,  
16 interviews covered all ranges of effectiveness of  
17 something like that, so I am sure if it was a pressing  
18 problem it would have been discussed by the legislators.

19 THE CHAIRMAN: Delegate Miller.

20 DELEGATE B. MILLER: I have another question,  
21 Mr. Chairman.
